Spread

**Pruning:** Prune the plant down to 6" – 12" in early spring.

**Fertilizing:** Apply 12-12-12 fertilizer in March/April and in October/November. Also a fall application of Superphosphate will enhance flowering. Use Chickity Doo Doo as an Organic alternative to 12-12-12.

**Watering:** During the first year, deeply water plants once a week until the ground freezes in Fall. When watering, let the water slowly soak around the plant. Also remember to use **Root Stimulator** when watering.
