

# CORALBURST CRABAPPLE

- Plant in full sun.
- Compact and dense crabapple with dark green foliage. Coral pink buds open to double, rose colored flowers in spring followed by bronze fruit.
- Makes a great specimen or patio

**8' - 10'**

Height

**8' - 10'**

Spread

**Pruning:** Prune in spring after the tree has flowered if needed.

**Fertilizing:** Apply 12-12-12 fertilizer in March/April and in October/November. Also a fall application of Superphosphate will enhance flowering.

**Watering:** During the first year, deeply water plants once a week until the ground freezes in Fall. When watering, let the water slowly soak around the plant. Also remember to use **Root Stimulator** when watering.
