

ARCTIC SUN DOGWOOD

- Plant in full sun to part shade.
- Dwarf, compact grower with bright yellow winter stems and reddish tips. Green foliage turns yellow in fall.
- Great as a mass, border, or accent planting.

Height

3' - 4'
Spread

Pruning: Prune in early spring/ late fall or as needed. Benefits from hard pruning every 2-3 years.

Fertilizing: Apply 12-12-12 fertilizer in March/April and in October/November. Use Chickity Doo Doo as an Organic alternative to 12-12-12.

Watering: During the first year, deeply water plants once a week until the ground freezes in Fall. When watering, let the water slowly soak around the plant. Also remember to use **Root Stimulator** when watering.
