

STELLAR PINK DOGWOOD

- Plant in morning sun and afternoon shade.
- Profuse large pink blooms appear in spring. Purplish red foliage in fall.
- Excellent as a specimen or accent planting.

15' - 20'
Height

15' - 20'
Spread

Pruning: Prune in spring after the tree has flowered if needed.

Fertilizing: Apply 12-12-12 fertilizer in March/April and in October/November. Also a fall application of Superphosphate will enhance flowering. Use Chickity Doo Doo as an Organic alternative to 12-12-12.

Watering: During the first year, deeply water plants once a week until the ground freezes in Fall. When watering, let the water slowly soak around the plant. Also remember to use **Root Stimulator** when watering.
