

EASTERN REDBUD

- Plant in full sun to part shade.
- Rosy-pink blossoms in early spring. Foliage turns brilliant yellow in fall.
- Use as a specimen or accent tree.

15' - 20'

Height

15' - 20'

Spread

Pruning: Prune in late fall/early spring as needed to shape.

Fertilizing: Apply 12-12-12 fertilizer in March/April and in October/November. Also a fall application of Superphosphate will enhance flowering. Use Chickity Doo Doo as an Organic alternative to 12-12-12.

Watering: During the first year, deeply water plants once a week until the ground freezes in Fall. When watering, let the water slowly soak around the plant. Also remember to use **Root Stimulator** when watering.
