

LITTLE HENRY SWEETSPIRE

- Plant in part shade to shade.
- Compact specimen with fragrant, white flowers in early summer. Brilliant reddish-purple fall color.
- Excellent mass, accent, or low border planting.

2' - 3'
Height

2' - 3'
Spread

Pruning: Prune in summer after the plant has flowered.

Fertilizing: Apply 12-12-12 fertilizer in March/April and in October/November. Also a fall application of Superphosphate will enhance flowering. Use Chickity Doo Doo as an Organic alternative to 12-12-12.

Watering: During the first year, deeply water plants once a week until the ground freezes in Fall. When watering, let the water slowly soak around the plant. Also remember to use **Root Stimulator** when watering.
